Re: Installation of Turf Field Minnetonka High School Upper South Field

Members of the Minnetonka School Board,

The Minnetonka Striker Club is hereby committing to a donation of \$50,000 toward the installation of a synthetic turf field on the Upper South Field at Minnetonka High School.

Upon approval of the project by the School Board on November 1, 2018, a donation check will be deposited to the district on November 5, 2018.

The Striker Club is unanimously in favor of this project as it will be a significant improvement to the playing surface for the Boys and Girls Soccer Programs at Minnetonka High School while providing many more hours of field access annually for Tonka United and their Youth Soccer Program.

Respectfully,
